

5 websites for practicing your frontend skills

Dev Challenges

The screenshot shows the DevChallenges.io website interface. At the top, there's a navigation bar with links for Home, Learn, and FAQ, along with a "Login with Github" button. The main content area is titled "Welcome to DevChallenges". It features three large cards illustrating the process: Step 1 shows a path with icons for challenges; Step 2 shows a code editor with an if-else statement; and Step 3 shows a person submitting a solution. Below these, there's a section for "Challenge Paths" with three preview cards.

Welcome to DevChallenges

Step 1: Choose a challenge
Choose a challenge, read the description carefully. Paths help you navigate, and you can earn a certificate after completing all challenges in the path

Step 2: Work by yourself or with a team
All challenges can be completed by one person, but teamwork is important at workplaces. If the challenge is too big for you, ask a friend to join.

Step 3: Submit your solutions and give feedback
When you complete the challenge, submit your solution. You can also check if there is an existing solution and give them some feedback.

Frontend Mentor

The screenshot shows the Frontend Mentor website interface. At the top, there's a navigation bar with links for CHALLENGES, SOLUTIONS, RESOURCES, UNLOCK, PRO, and a user profile icon. Below the navigation is a search bar and a filter section with options like 'Hide completed', 'SORT BY', and 'FILTER BY'.

Three challenge cards are displayed:

- Dictionary web app**: A FREE challenge. It features a screenshot of a mobile application interface with a keyboard and search results. The challenge is marked as NEW and PREMIUM. It requires HTML, CSS, JS, and API skills at an INTERMEDIATE level. Description: "In this project, you'll integrate with the Dictionary API to create a real-world dictionary web app. Additional tests include colour themes and font selection."
- Multi-step form**: A FREE challenge. It features a screenshot of a multi-step form interface. The challenge requires HTML, CSS, JS at an ADVANCED level. Description: "An excellent test for your form-building and JS skills, this project will pose many challenges along the way to completion."
- Single-page developer portfolio**: A FREE challenge. It features a screenshot of a single-page developer portfolio website. The challenge is marked as PREMIUM and requires HTML, CSS, JS at a JUNIOR level. Description: "Test your HTML and CSS skills with this portfolio site. Basic JS knowledge is needed for the form validation. You can even customize and use this as your own site!"

CodePen Challenges

The screenshot shows the CodePen Challenges page on a dark-themed browser. The main title "Challenges" is displayed prominently. Below it, a paragraph explains the purpose of challenges: "Challenges are fun opportunities for leveling up your skills by building things. Each week, you'll get a new prompt surrounding a monthly theme to riff on. The best Pens get picked and featured on the homepage!" A callout box states "You'll need a CodePen account to join!" with links to "Log In" or "Sign Up". To the right is a decorative illustration of a landscape with mountains and yellow flags. On the left sidebar, there are links for "Start Coding", "Search Pens", "Challenges", "Spark", and "CodePen PRO". A "TRY OUR ONLINE EDITOR" button is also present. At the bottom left, there's an advertisement for Adobe Stock featuring a woman's face and the text "Get 10 Free Images From Adobe Stock. Start Now. (with via Cartwheel)". At the bottom right, there's a "BROUGHT TO YOU BY" section for "kore.ai" with the text: "Build custom AI-powered intelligent virtual assistants with the leading conversational AI platform."

Build custom AI-powered intelligent virtual assistants with the leading conversational AI platform.

JavaScript30

The screenshot shows a web browser window displaying the JavaScript30 website. The page has a dark background featuring a forest silhouette at night. The title '#JAVASCRIPT30' is prominently displayed in large, white, hand-drawn style letters. Below it, the text '30 DAY VANILLA JS CODING CHALLENGE' is written in a smaller, bold, yellow font. Underneath that, 'BUILD 30 THINGS IN 30 DAYS WITH 30 TUTORIALS' is written in a smaller, white font. At the bottom, the text 'NO FRAMEWORKS × NO COMPILERS × NO LIBRARIES × NO BOILERPLATE' is displayed in a white font. On the left side, there's a large '\$0.00' price indicator. In the center, there's a call-to-action button that says 'START THE CHALLENGE TODAY!' with a 'Join 565,866 Others' link next to it. To the right, there's a section titled 'What You'll Get' with a bulleted list of benefits. The browser's address bar shows 'javascript30.com' and the top right corner shows a 'My Account' link.
